

Learning to Live in the Now

We are learning to live in the now
There is nothing in life for to bow
So, gone from our mind, the illusion of time
We are living God's promises now

We are learning to live in the now
There is nothing we can't do right now
So, gone from our mind, the illusion of time
We are learning to live in the now

We are living God's promises now
There is nothing we can't do right now
So loose from your mind this illusion of time
We are knowing God's kingdom is now

We are learning to live in the now
There is nothing we can't do right now
So, gone from our mind, the illusion of time
We are learning to live in the now

We are learning to live in the now
There is nothing we can't do right now
So, gone from our mind, the illusion of time
We are learning to live in the now
We are knowing God's kingdom is now

I Feel Wonderful

Charles H. Gabriel

I feel wonderful, I feel wonderful

For this is a glorious day

I feel wonderful, I feel wonderful

and I am going to stay that way

You look wonderful, You look wonderful

For this is a glorious day

You look wonderful, You look wonderful

and you are going to stay that way

We are wonderful, We are wonderful

For this is a glorious day

We are wonderful, We are wonderful

and I am going to stay that way

Flow Through Me

Flow through me, flow through me

Lamb of God, lamb of God, flow through me

From the east to the west in your love we are blessed

Lamb of God, lamb of God, flow through me

As we see the morning light bringing peace and end our fright

we can know you as our guide

For the dawning of the day grows much brighter as we pray

Lamb of God, lamb of God, flow through me

Flow through me, flow through me

Lamb of God, lamb of God, flow through me

From the east to the west in your love we are blessed

Lamb of God, lamb of God, flow through me

As we see the morning light bringing peace and end our fright

we can know you as our guide

For the dawning of the day grows much brighter as we pray

Lamb of God, lamb of God, flow through me
