

**Lovin's really living life, you ain't living boy**

**You're just getting up each day and walking around**

**Your world is crying now my friend**

**But give it love and it will mend**

**And, teach you all the music to the lovin sound.**

**Oh, the lovin sound**

**Lovin's really living life, you ain't living boy**

**You're just getting up each day and walking around**

**Your world is crying now my friend**

**But give it love and it will mend**

**And, teach you all the music to the lovin sound.**

**Oh, the lovin sound**

**The search goes on for dollars  
And the work goes on for dimes  
The young ones chase the rainbow  
Old folks think of younger times  
You'll never catch a rainbow  
But Love may come to You  
Hold it close, don't let it get away  
You're a loser, if you do**

**Lovin's really living life, you ain't living boy  
You're just getting up each day and walking around  
Your world is crying now my friend  
But give it love and it will mend  
And, teach you all the music to the lovin sound.  
Oh, the lovin sound**

**When in the course of human kindness,  
it becomes clear the time has come  
To willingly set aside our blindness,  
and see the world as one.**

**Nobody here has yet forgotten all of the joys  
we've ever known**

**And following freely what we feel,  
we're finding our way home.**

**Shine on....Shine on  
Steady on....Steady on**

**We, the People, come together,  
bringing the best of who we are  
All we remember, tough and tender,  
leading with our hearts**

**The future is looking back with love,  
encouraging every step we take  
Guiding us through the darkest times,  
and blessing us on our way**

**Shine on....Shine on, Steady on....Steady on**

**leaving a longing in our souls**

**Gathering all this love together,**

**Place your hand upon your heart  
Set your heart upon your deepest wish  
Send your wish to the place where the sun begins  
And you will find peace of mind.**

**Place your hand upon your heart  
Let your heart feel all the love there is  
Send your love to the place  
where the moon begins  
And you will find peace of mind.**

**Place your hand upon your heart  
Make your heart as still as still can be  
Send that calm to the place where the stars begin  
And you will find peace of mind.**

**Place your hand upon your heart  
In your heart, say thanks for all you have  
Send your thanks to the place where it all begins  
And you will find peace of mind.**
