

Sin, Evil and the Devil

Word	Metaphysical Meaning (From Revealing Word by Charles Fillmore)
Sin	Missing the mark; that is, falling short of divine perfection. Sin is [our] failure to express the attributes of Being – life, love, intelligence, wisdom, and the other God qualities.
Evil	That which is not of God; unreality; error thought; a product of the fallen human consciousness; negation.
Devil	The mass of thoughts that has been built up in race consciousness through many generations of earthly experiences and crystallized into what may be termed human personality, or carnal mind, which opposes and rejects God...The devils that we encounter are fear, anger, jealousy, and other similar negative traits, and they are in ourselves. Christ gives us the power to cast out these devils, thereby cleansing our consciousness.

What strategies help you when you realize you have “missed the mark?”

How do you cleanse out any error thinking and return to expressing the Divine Attributes of Being that you are?
