

Creation

On a scale of 1 to 10, with 1 being low and 10 being high, what is your comfort level with calling yourself a Creative Creator? Why did you pick the number you did?

What are some ways you are creative? What do you like to create?

What are you creating in 2023? If you have a New Years Resolution, what impact, if any, do these ideas have on your resolution?

Creation

Definitions adapted from *The Revealing Word*, by Charles Fillmore:

Creation:

- The original plan of an idea in Spirit.
- Back of the visible universe are both the original creative ideas and those that are brought forth as earthly things. In the creative process Divine Mind first ideates itself.
- The order of creation is from the formless to the formed, from the invisible to the visible. This goes on perpetually, and there is never a beginning or an ending to the process.
- The ideal is continually pouring itself into its creation and lifting it higher and yet higher.
- [Humanity], in ... forming and bringing things into manifestation, uses the same creative process in mind that God uses. First is mind; then the idea in mind; then the materialization of the idea.

Creative:

- Creative intelligence--Mind of God forever upbuilding the universe.
- Creative Principle--God as the cause and moving force in and through all creation.

Cocreator:

- [Humanity] with God.
- God creates in the ideal, and [humanity] carries out in the manifest world what God has idealized.

Matthew 19:26 (KJV): But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible.
