

Pray Up Your Life
Rev. Charline E. Manuel

Rev. Charlene says:

- There are many ways to pray!
- Prayer is conscious, intentional communion with God
- ► The more time we spend in prayer, the greater our ability to experience God as the loving presence within and around us.

Prayer and meditation connect and align us to our own spiritual nature and to God.

Pray and Get Ready

Mark 11:24 (KJV)

Therefore I say to you, whatever things you ask when you pray, believe that you receive them, and you will have them.

What are you doing in life that reveals your level of belief?

Easter:
New Life,
Overcoming,
Renewal!

Whatever I ask for in prayer...
