

# **In the Stillness of the Silence**     Bill Provost

In the stillness of the silence  
I am One with perfect Life.  
I am healed; I live in freedom.  
Joy now fills me, thrills me,  
mind and heart.

In the stillness of the silence  
I am One with Light and Love.  
I am wise, my thoughts are loving.  
Peace now fills me, thrills me,  
mind and heart.

In the stillness of the silence  
I am One with God the good.  
I am trusting as I listen.  
Faith now fills me, thrills me,  
mind and heart.

In the stillness of the silence

I am One with perfect Life.  
I am healed; I live in freedom.  
Joy now fills me, thrills me,  
mind and heart.

In the stillness of the silence  
I am One with Light and Love.  
I am wise, my thoughts are loving.  
Peace now fills me, thrills me,  
mind and heart.

In the stillness of the silence  
I am One with God the good.  
I am trusting as I listen.  
Faith now fills me, thrills me,  
mind and heart.
