

## **My Life Is a Prayer By Stowe Good**

**What if a prayer is not a plea  
A desperate call with tears that fall on bended knee  
But breathing out and breathing in  
It's God in me that lives and breathes, my trusted friend**

**Chorus:**

**My life is a prayer that God is praying  
My thoughts are words that God is saying  
My laughter is the sound of Angels playing  
My life is a prayer that God is praying**

**What if today, I had the chance to move and sway  
God leads the way in my life's dance  
What if I knew without a doubt  
No need to fear God's right here within, without**

**Chorus:**

**My life is a prayer that God is praying  
My thoughts are words that God is saying  
My laughter is the sound of Angels playing  
My life is a prayer that God is praying**

**Instrumental**

**My life is a prayer that God is praying  
My thoughts are words that God is saying  
My laughter is the sound of Angels playing  
My life is a prayer that God is praying  
My life is a prayer that God is praying**
