

# Peace, Peace

John Davis

As we gaze at the beauty around us  
We behold all creation so grand  
As we ponder the wonders of nature  
We can see the grand scale of God's plan

Peace, peace, wonderful peace  
Eternally given by God  
We can see His glory around us  
Sweeping over our being somehow  
Sweeping over our being somehow

So grand is the plan for our future  
WE must know that plan is for now  
No more waiting for heaven to join us  
Stand in awe, for our future is now
